fry pan with out lid

These beautiful pots are all brown-metallic coloured outside and ivory inside and are also easy to find. The forged aluminium material helps you to leave the pans longer on the fire. 100% Bio Eco Natural and can be used all on the following cooking stoves: gas, electric, vitroceramic and halogen. They save 35% of energy and to save more money they can be used with less oil than the normal ones. The soft-touch handle ensures to keep them in your hands and protect you and your family. This line has 3 layer ceramic layer.

# Cookwell Line

This line contains only red (burgundy) or green coloured pots which are easy to find in the kitchen. The pots' material is press aluminium which gives them a longer life. They are 100% Bio Eco Natural. The 2 layer ceramic layer gives you the opportunity to not burn the pots for the first time. They are all dishwasher safe, save energy, and have riveted and soft-touch handles, so they are not slippery. You can use them with every kind of cooking-stoves. This line contains pans, baking trays and a pancake maker. You will love them.
